

1. Requesting Organisation/Entity			
Name		Date of request	
Mailing Address			
Contact Person			
Title		Email	
Phone		Website	
Company Registration Number (CVR number)			
2. Beneficiary Organization/Entity – If different from requesting entity			
Name			
Mailing Address			
Contact Person			
Title		Email	
Phone		Website	
Company Registration Number (CVR number)			
3. Previous support: Have you received previous support by Maersk?			
Please provide details on contribution (USD), outcome and contacts within Maersk			
4. Project description:			
Please provide a brief description of your project and the nature of your request. Additional information can be attached separately			
5. Nature and size of request: What support is requested from Maersk?			
Cash	Please indicate how much is requested (in USD)		
Freight (i.e. donation of freight from port A to B)	Please indicate number of containers, container size in Twenty-foot Equivalent Unit (TEU)/Forty-foot Equivalent Unit (FFE), container type (DRY/REEFER), port of origin, port of destination		
Containers (i.e. donation of the actual container)	Please indicate number of containers, container size (TEU/FFE), container type (DRY/REEFER), country of destination		
Other	Please indicate how much is requested (in USD)		
6. Timeline and scope of contribution:			
When will the requested contribution be needed and what will the requested resources (c.f. section 5) be used for?			
7. Geographic focus:			
Which regions/countries will the project serve?			

8. Cause/s supported:

What cause will the project help address in the specific region/countries supported? (note: Maersk will give priority to causes that a) help alleviate the impact of natural disasters, b) help empower marginalized communities to engage in global trade)

9. Shipping industry specificity:

To which extent will the initiative help address some of the challenges that are specific to the global shipping industry?

10. Impact measures:

How is the societal impact of the project measured (e.g. number of people served)? How (if at all) will Maersk be able to measure and track the societal impact of our contribution?

11. Donor dependency:

How will the project be sustained after Maersk's support ends?

12. Other partners:

Are there any other organisations sponsoring or giving donations to your cause? Who (if any) are the other partners supporting the initiative?

13. Benefits for Maersk:

Which opportunities do you foresee for Maersk in case supporting this request? (Customer event, internal employee engagement, brand exposure, advertising value etc.)
