

Demurrage and Detention calculation for special extended freetime change effective January 1st, 2019 (based on container gate in CY date)

we will change the calculation method for our Export detention and demurrage **for customers with special extended free time from traditional to progressive tier structure** . After the extended free time expires, any additional days will be subject to the demurrage and detention charges as per the relevant day count in our tariff tier structure. This means that the subsequent demurrage and detention charges beyond extended free time will not automatically be calculated basing on the tariffs of 1st tier as before. The starting point of free time is counted from the date empty container is picked up.

Example:

Special extended free time : 10 days
 Date of gate out empty : 1 November
 Freetime ends : 10 November
 Date of gate in CY : 12 November
 Detention day : 2

Previous calculation : USD 20 for 20 dry and USD 30 for 40 dry

Future calculation :

- 1 day (Day 11): USD 20 for 20 dry and USD 30 for 40 dry
- 1 day (Day 12): USD 40 for 20 dry and USD 60 for 40 dry

Our tariff tier will remain the same as per below.
