### **NOTES:**

#### **VALUE ADDED SERVICES INCLUDED -**

- 1) Full access and use of the Global DFS Digital Inspection Platform. The digital platform enable Global DFS to give realtime automated updates on every inspection manage on behalf of our clients. With this realtime automated updates, the platform generates a unique GDFS Survey Report with visibility of the actual inspection. This report has been proven during the last 7 months to be extremely valuable to our clients and Customs, when issuing reports or releases.
- 2) Global DFS knows time is always of the essence, which why we pay any DA73 fee due to Customs upfront, to speed up the process of obtaining a booking quicker with Customs. This will be added onto the invoices afterwards at no extra costs to our clients. Having a 30 account means the client will only pay these da73 fees 30 days after our invoice has been issued.
- 3) Global DFS is the only inspection company in SA with a true NATIONAL footprint. We do not source any of our work out to any other inspection company like our competitors do. This keeps the integrity and transparency of our services in tact at all times. This fact is also important for accountability purposes.
- 4) Interfacing with EDI Service Providers is currently being developed, with ShipShape being one of the first to benefit from this exciting development. Global DFS will then be able to react much quicker when having to do work for our clients, and our clients will be able to access all our info from one dashboard.
- 5) Emailing, printing and copying can be done at our ORTIA, JHB and DBN branches if the need arise at no extra cost.
