

TRANSPORTATION OF CHARCOAL (CARBON)

NEW REGULATION

REGULATORY CHANGES – IMDG CODE 42-24

In lieu of new changes in IMDG Code Amendment 42-24, the following requirements regarding the shipping of **Charcoal**, will be applicable on all bookings new/amended w.e.f. **1st October 2025**.

Maersk will stop accepting non-DG charcoal bookings. Only DG charcoal bookings from pre-audited shippers are acceptable subject to below requirements. All Charcoal bookings must obtain loading acceptance with Maersk. Please contact the Local Maersk office for the requirements to obtain pre-audited shipper status

Charcoal must be declared as DG

UN Number: 1361

Hazard Class: 4.2 - Substances liable to spontaneous
combustion

Proper Shipping Name: CARBON, animal or vegetable origin

Packaging Group: II or III (depending on risk level)

WHAT KINDS OF DOCUMENTATION IS REQUIRED?

Final Dangerous Goods Declaration
and Packing Certificate

Vanning Certificate

Material Safety Data Sheet

Weathering Certificate
