

Effective from 13 July 2024, ROE will be calculated as follows:

For Freight & surcharges: ROE will be based on the first invoice creation date. For any subsequent, rebilled, or disputed invoices, ROE will remain unchanged.

For Import Demurrage & Detention: ROE will be applied based on the actual invoice creation date, which is the date of charge calculation or payment, following customer's scheduled or actual date of container pick-up.

Notes:

(*) Per 01 Bill of Lading, multiple invoices of import demurrage and detention can be created with varying ROE based on invoice creation date.

(**) D&D priced by website is subject to local tax. Your D&D invoice will contain the additional VAT by Formula: Total
