6. Maersk Spot Booking - FMC lanes

The purpose of this chapter is for your quick understanding of the key differences of FMC Spot booking journey, compared to non-FMC Spot booking which are listed in previous chapters. Suggest go through the whole handbook for better understanding of Spot booking journey. It is also necessary to read and accept full Terms & Condition before booking submission.

(1) Letter of Authority (LOA)

Here we come to Additional details sub-page of Booking journey.

If the booked-by party is not equal to the Price owner, which means booked-by party is acting an agent on behalf of the Price Owner to place a FMC Spot booking, LOA with Price Owner’s company letterhead must be submitted within 48 hours of submitting this booking, otherwise the booking will be cancelled. If booking is found with container movement, booking will be moved to tariff. LOA is needed for every combination of booked-by party and price owner company with a period of one year validity. Pls submit LOA for renewal if validity is expired. No need to submit for every booking if LOA of same booked-by party with same price owner was ever submitted in one year.

If you are the price owner (i.e. booked-by party is equal to the price owner), just select “price owner” under Booking customer status. No need to provide LOA in this case.

If you are acting as an agent on behalf of the Price Owner, pls select “Agent” under Booking customer status. Then you will find the hyperlink of LOA template in beneath and please click it to get the template and the relevant requirements. Suppose you’ve already opted
“Select a price owner” and input for the correct price owner name in previous pages. If you forgot to define the price owner name, pls scroll to the top and click “Booking Information” in the navigation panel and rewind to the relevant sub-page so that you could input again.

(2) Price owner status

If Price owner belongs to cargo owner who has legal title of the goods, pls select Cargo owner under Price owner status. In short, it is prohibited to book if cargo owner is blacklisted by FMC or other relevant department. Pls refer to terms & conditions for FMC spot for more details.

If Price owner belongs to NVOCC (Non Vessel Operating Common Carrier), please select NVOCC under Price owner status. NVOCC number is optional in booking submission. If you are not familiar with FMC, suggest to double check whether involved NVOCC has been registered with FMC before submitting the booking. You could also go to FMC website for details: https://www2.fmc.gov/oti/NVOCC.aspx. If involved NVOCC is not registered with FMC or say it does not have FMC license, FMC filing could not be done and booking will be cancelled in later stage either. If booking is found with container movement, booking will be moved to tariff

Just a kind reminder for you to check if correct price owner was defined in previous page. If you forgot to define the price owner name or need to rectify it, pls scroll to the top and click “Booking Information” in the navigation panel and rewind to the relevant sub-page for input.
