

Indonesia – Semarang Warehouse (PLB Enabled)

Strategic Highlights

- 1 active warehouse location, occupancy of 4,200 square meter with scalability up to 6,000 square meter in size, with support for Bonded Logistics Center (PLB) in regards to import of basic material.
- Operated in partnership with local partner, strengthening capability in the area.
- Strategic location in north Semarang, close proximity to the Semarang seaport.
- Warehouse fully meet or exceed local safety certification requirements, as well as international and customer specific requirements
