The Booking Information Page

Captures your core booking information, which includes details about:

- Where the shipment starts from
- The shipment’s destination
- The person booking the shipment
- Earliest departure date
- What is being shipped
- The weight of the cargo
- The size, type and number of containers requested.
The Select Sailing Page

This is the second page in the booking flow. This page:

- Provides all the different route options, with their respective rates and itineraries
- Allows you to review a number of different sailing options and choose the route which you most prefer.

Click on Show Details To View Route Details and Price Details
The **Required Details** Page

Next, you will be prompted to enter all the mandatory information required to process a booking. The page contains details such as:

- Pick-up date
- Container return drop-off location.

There are also optional fields you could enter for more clarity.
The **Optional Details Page**

Any surcharges which are filed as a part of contract will be displayed under ‘Value Added Services’ (aka VAS).

Buy Value Added Services (VAS) available in your country while you book online with us.
