

General conditions for inland C/H tariff 2021 Czechia and Slovakia – update valid from 1.1.2021

- 1.** Currency used is EUR.
- 2.** On import, rates include issuance of transit customs documents (T1) for cargo with value up to 400.000 EUR. For cargo with value higher than 400.000 EUR, additional 150 EUR per T1 will be charged.
- 3.** Rates for high value cargo (higher than 700.000 EUR), alcohol, tobacco and cigarettes are agreed individually.
- 4.** Export rates via Bremerhaven, Hamburg and Koper include BHT / TCC / Zapp number and seal. Unless the customer wants us to create BHT / TCC / ZAP, Maersk needs to be advised in advance otherwise the responsibility for any inconvenience caused by duplicity in this process is up to the customer.
- 5.** Import rates via Bremerhaven, Hamburg, Koper include T1. The rates via Gdansk do not include T1.
- 6.** Rates include free time for loading/unloading and customs clearance of 4 hours since arrival to the first delivery place. Time needed for driving between defined stops is not included in the free time.
- 7.** Waiting time fee is 30 EUR per each commenced hour. Maximum waiting time is 190 EUR per day. The customer is obliged to acknowledge the waiting time on transport documents provided by the driver (CMR, delivery documents or special form for waiting time).
- 8.** Waiting time for an international trucking delivery (direct truck mode) is calculated individually.
- 9.** Minimal late cancellation fee (cancellation later than 10 a.m. one day before loading/unloading) is 190 EUR per container. If the container has already left the terminal, the late cancellation fee is calculated as per the real occurred costs.
- 10.** Surcharge for in-vain trips is calculated individually as per real injured costs.
- 11.** Surcharge for transportation of dangerous goods equals to 25 EUR per box. IMO classes 1 and 7 are not accepted.
- 12.** Rates for special equipment (20 OT, 40 OT, flat racks) are calculated individually.
- 13.** Driver does not participate actively on stuffing/destuffing of the container.
- 14.** Sealing and proper container door closing (including tarpaulin on OPEN TOP containers) is responsibility of shipper as per B/L Terms for Carriage.

15. Weight limits in Czech Republic and Slovakia for domestic trucking are as follow:

Table 1: Weight limits for domestic trucking

16. Loading more cargo weight as is described above (e.g. 28 tons in 40' box) is subject to approval.

17. Cargo weight limits for an international trucking delivery (direct truck mode) are as follow:

- Koper corridor – 22 tons for all types of boxes
- Bremerhaven corridor – 22 tons for all types of boxes

18. The extra costs related to exceeding total allowed weight of truck and chassis or the axle pressure limits (for example as a consequence of unevenly stowed or insufficiently secured cargo) will be claimed up to customer.

19. Maximal height of the cargo loaded in 40 OT is up to height of 40 HC box. Other types of OOG transport are not accepted.

20. The 45' boxes are not accepted for an international transport by truck (direct truck mode).

21. Containers are delivered on the regular adjustable chassis with air suspension. The container is always loaded on the chassis in such a position that enables the delivery to the unloading facility.

22. If your delivery facility requires total length of truck and chassis smaller than 13.5 meters, please inform our customer service to secure the special short chassis.

23. Container can be unloaded from the chassis only after providing LOI. Any damage of the chassis / truck / container caused during the unloading or loading operation is claimed up to customer.

24. Availability of tilt chassis is limited and needs to be checked prior delivery order being sent. Rates for transport using tilt chassis are calculated individually.

25. Weighing service is available for 45 eur/cntr. It can be arranged by our local office for SD bookings with Place of receipt in Czech Republic or Slovakia. If you are interested, please send your order via email with subject: „VGM – weighing order – bkg.“ to cz.export@maersk.com or

sk.export@maersk.com or cz.export@sealandmaersk.com latest at 11.00 on the working day before stuffing day.

- 26. For load port Bremerhaven:** Any export container which arrives full at our inland terminal is considered as customs cleared for export is planned for departure to the port, also in case export customs documents have not been provided to the carrier. For containers without customs clearance information must be provided latest 1 day prior stuffing to cz.export@maersk.com or sk.export@maersk.com in order to STOP the box for further rail transportation. Once customs clearance done, information to release for further transport needs to be provided as well. Any discrepancies on export customs documents may result in fine.
- For load port Koper and Rijeka:** Export customs documents must be provided latest till the end of next working day after stuffing to sk.export@maersk.com or cz.export@maersk.com in order to plan container for train departure. Any fines/rate changes resulting from missing customs documents will be invoiced to booking party. Any non-standard export customs documents, e.g. T1 must be sent to cz.export@maersk.com or sk.export@maersk.com with highlighted information in subject and body of the email that such document is included. E.g. „Important – T1 included for cntr. ABC, bkg. XYZ“. In case specific information on document type is not provided, Maersk cannot ensure proper closure of such customs document prior loading.
- 27.** Customer is responsible to secure a delivery / loading place that enables manipulation with truck and chassis. The containers will be delivered / positioning arranged till the last point on paved road. Paved roads don't include unmaintained road affected by bad weather conditions (snow, mud etc.) Driver can refuse to arrange positioning if he evaluates the condition does not comply with above describe conditions. In such case customer is responsible for all extra costs related to wasted trip.
