Existing Ocean bookings and cargo in transit

Due to the volatility of the ongoing situation, there is a need for alternative solutions to bringing your cargo to final destination, including finding alternative routing and storage in transit. To do this, we are adding an Emergency Freight rate on cargo loading from or destined to ports in Iraq, Kuwait, Saudi Arabia (Dammam & Jubail), Bahrain, Qatar, the United Arab Emirates, and Oman (except Salalah). It is based on your container category and subject to required regulatory approvals. See below:

Cargo type	Cost per container
20' dry container	USD 1800
40' dry container	USD 3000
Reefer, Special and DG container	USD 3800

Why are we implementing this?

We are implementing this Emergency Freight rate to arrange alternative routing to final destination including finding potential storage solutions, additional charters and so forth. This fee includes transportation from temporary storage to final destination, when safe to complete the voyage.

Please note that due to the fluidity of this situation, the Emergency Freight rate may be adjusted.

Options for cargo en route:

We will do our utmost to support you through this disruption and avoid abandonment of carriage. To facilitate this, we have the following options for you to choose from:

Options	Cost	Additional information
A) Complete the planned voyage, with temporary storage	<p>Strait of Hormuz Emergency Freight rate (as mentioned above), which covers 14 days of storage in transit.</p> <p>Beyond this there will be storage fee of USD 25 per TEU day plus reefer monitoring and plug-in fee where applicable as per the location tariff. This will be invoiced fortnightly.</p>	<p>Your cargo will be placed in long-term storage in a port, selected by Maersk.</p> <p>Onwards voyage will be initiated as soon as safely and practically possible, and covered by the rate</p> <p><i>Maersk reserves the right to declare abandonment of carriage. In such an event, no waivers or refunds will apply to charges already billed or paid.</i></p>
B) Return to Origin	<p>Freight payer pays the standard COD fee and pricing, alongside additional freight cost. This is subject to operational acceptance</p>	<p>This solution is subject to operational feasibility.</p> <p><i>if the decision is taken before the container reaches the affected region, the SoH Emergency Freight charge will not apply; only COD and</i></p>

		<p><i>differential freight charges will apply.</i></p> <p><i>If chosen after the container reaches the affected region or within 72 hours of planned discharge, the SoH Emergency Freight charge will be applied.</i></p>
C) Change of Destination	Freight payer pays the standard COD fee and pricing, alongside additional freight cost. This is subject to operational acceptance	<p>This solution is subject to operational feasibility.</p> <p><i>If the decision is taken before the container reaches the affected region, the SoH Emergency Freight charge will not apply; only COD and differential freight charges will apply.</i></p> <p><i>If chosen after the container reaches the affected region or within 72 hours of planned discharge, the SoH Emergency Freight charge will be applied.</i></p>

Important Notes

- Storage fees will apply from the 15th day after discharge at storage port until one of the following occurs:
 1. Container is loaded to complete the originally planned onward voyage.
 2. Container is loaded for return to origin (Option B).
 3. Container is loaded for onward journey to the new POD (Option C).
 4. Delivery/gateout from the port in cases where the carriage is abandoned or the customer chooses to take delivery at the storage in transit port.

Detention & Demurrage

The local D&D tariff applicable at the designated return locations, subject to local laws, can be found here <https://www.maersk.com/local-information/imea> > Select your country > Import

If cross-border return to a designated location is unlawful or materially prevented by authorities, please contact your Maersk representative within 7 days of this notice so we can agree with a compliant interim solution and the applicable D&D handling.

Maersk Cargo Insurance continues to offer cover per policy terms across the Middle East, however the situation is under close and ongoing review. A number of insurance companies have reduced or withdrawn coverage for shipments into the Red Sea, Gulf of Oman and Persian Gulf regions, particularly with respect to insurance coverage on the vessels themselves, and Maersk is also reducing operations in the region (find the latest Maersk operational update [here](#)). This may reduce options to ship into the region, however as and when operations resume, Maersk Cargo Insurance will endeavour to be available to insure your cargo interests.

Flex Hub/Flex route (sales on water) – In line with the ongoing contingency and workaround plans, Maersk will not accept any Flex Hub/Flex route (Sales on Water) requests with immediate effect until further notice for Hub- Salalah, Oman. Alternative hub acceptance is subject to operational feasibility.

Returning of Empty Containers update:

Returning of empty container in region

In light of the evolving situation affecting navigation and port operations in and around the Strait of Hormuz, and in order to protect the safety of our vessels, crews and your cargo, Maersk is implementing temporary empty-container return arrangements.

Effective immediately and until further notice, for existing and new import shipments into the UAE, Qatar, Bahrain, Kuwait, Saudi Arabia (Jubail), Iraq and Oman (Duqm), empty containers will not be accepted at their usual return locations.

Instead, empties should be returned only to the designated depots listed below.

Designated empty return depots:

Oman – Salalah

Saudi Arabia – Jeddah

Limited acceptance with Drop off (DRP) charges please refer to the table below

Drop off charges	20'	40'	Reefers 20' & 40'
Oman (Sohar & Salalah)	Free	Free	Free
Saudi Arabia (Jeddah)	Free	Free	Free
UAE (Abu Dhabi & Jebel Ali)	\$600	\$1200	\$1200
Bahrain	\$3000	\$2500	\$2500
Qatar	\$2500	Free	\$2500
Jordan (Aqaba)	Free	Free	Free
Kuwait	\$2500	\$2500	\$2500
Saudi Arabia (Dammam & Jubail)	Free	Free	Free

Oman (Sohar)	Empties accepted only for customers who have cargo discharged in Oman
Jordan (Aqaba)	Empties accepted only for customers who have cargo discharged in Iraq and Aqaba

For containers already discharged where Delivery Orders have been issued:

- a) If the DO states a return location that is in "empty acceptance" status at gate-in, return may be made to that stated location.
- b) If the stated location is not accepting empties at the time of return, Maersk will issue an updated instruction to an available designated depot

For more info see here: <https://www.maersk.com/news/articles/2026/03/17/hormuz-closure-empty-returns-suspension-update-march>

- If Option B or Option C is selected after previously selecting Option A, or after the containers have been discharged at the storage-in-transit port, the SoH Emergency Freight fee will continue to apply by default and will not be waived or refunded.

Fuel Update

For more information on fuel-related updates, please refer to the following link: [Maersk Emergency Bunker Surcharge \(EBS\) 2026](#)

Air Update

Due to ongoing developments in the Middle East, global aviation fuel markets are experiencing volatility, causing operational disruptions in air logistics.

As jet fuel prices rise, Fuel Surcharges (FSC) will increase and be reviewed weekly, based on market indices. For contract renewals without an FSC, 15% of the rate will be allocated to fuel.

Additionally, a Transit Disruption Surcharge (TDS) will be introduced to cover extra costs from rerouting. Customers will be notified in advance of any changes.

The situation remains fluid, and we will continue to keep you updated on any market changes affecting costs or operations.

Port update
