II - User Guide

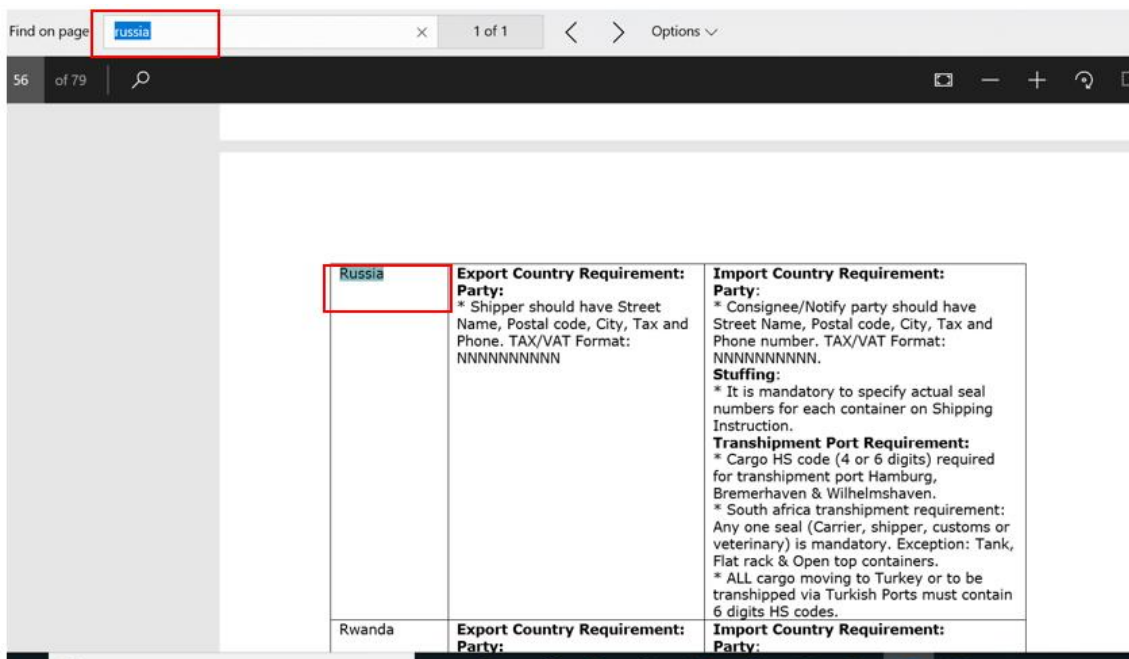

To enjoy hassle free shipping service, we urge our customers to provide the necessary information regarding the Cargo along with the Shipping instruction.

To help you in this cumbersome process of Preparing Shipping Instruction we have come up with a Ready Reckoner Tool.

This tool provides comprehensive list of all the legally required information that one should provide while shipping the Cargo based on the country of origin and destination.

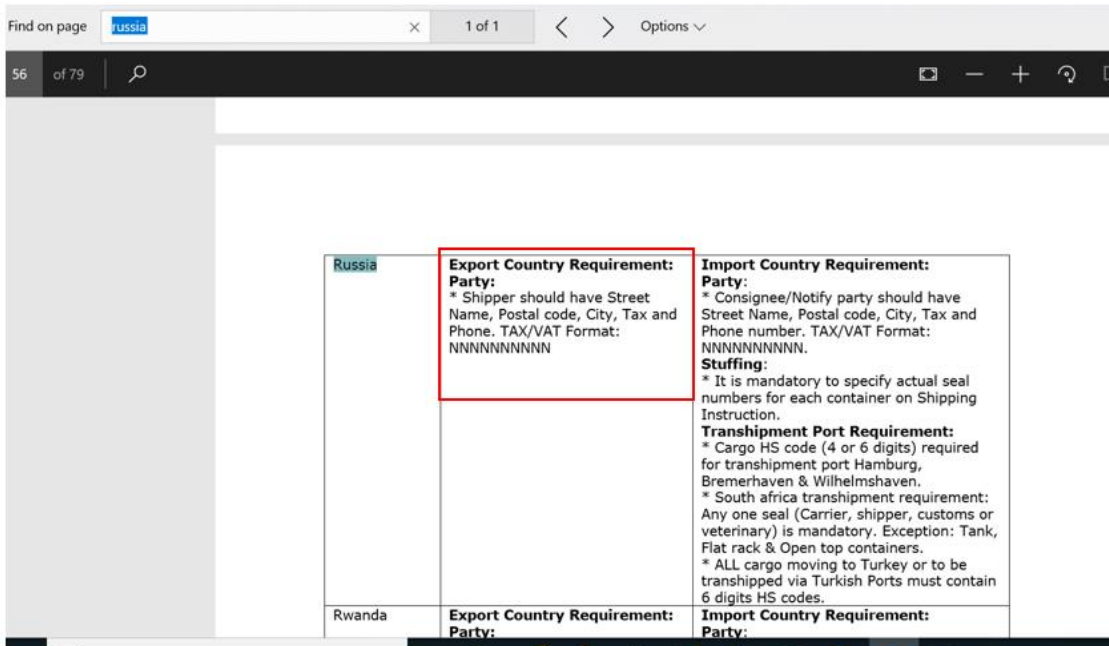

Please find below a stepwise user guide for your convenience

Step 1- Do a quick search in the document using **Ctrl+F** to find the Country of Origin Eg- Russia

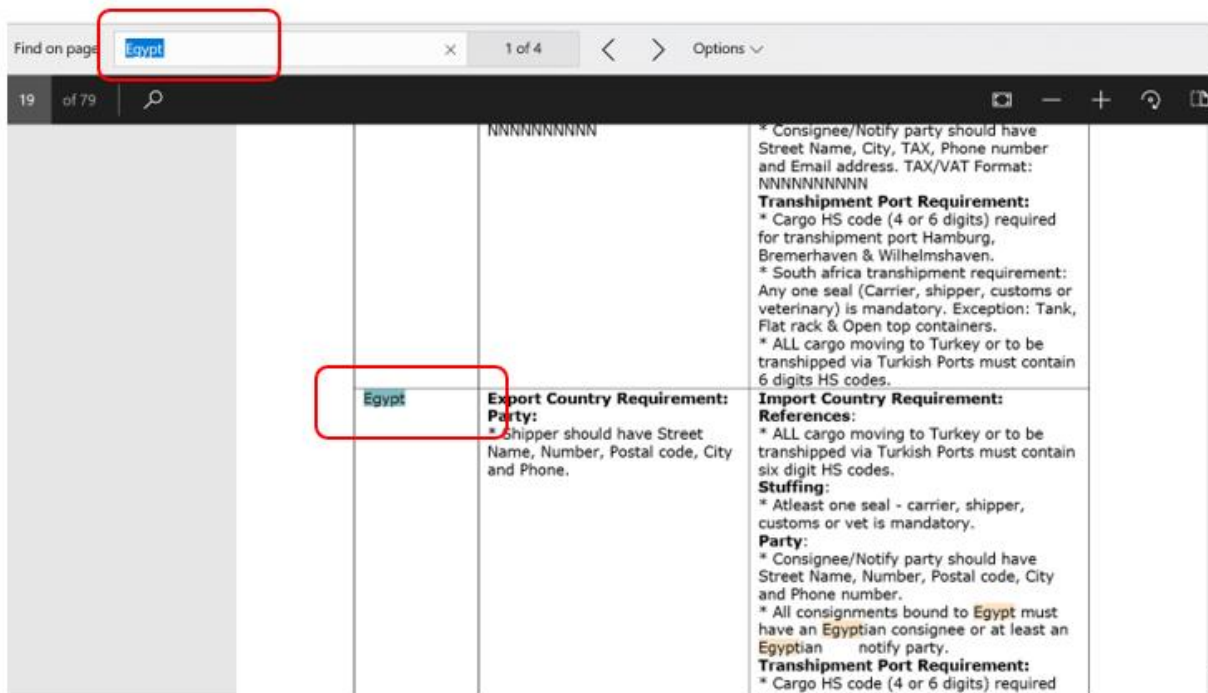

Step 2- Below highlighted block in red corresponding to '**Export Country Requirements**' shows all the mandatory requirements of the source country that customer must enclose in the Shipping Instruction.

65 Above requirements are mentioned for reference only and do not entail any legally binding consequence for general public.

Step 3- Again do a quick search in the document using **Ctrl+F** to find the Destination Country Eg- Egypt

Step 4- Below highlighted block in red corresponding to **'Import Country Requirements'** shows all the mandatory requirements of the destination country that customer must enclose in the Shipping Instruction.
