

# World's first container vessel operated on carbon neutral fuels

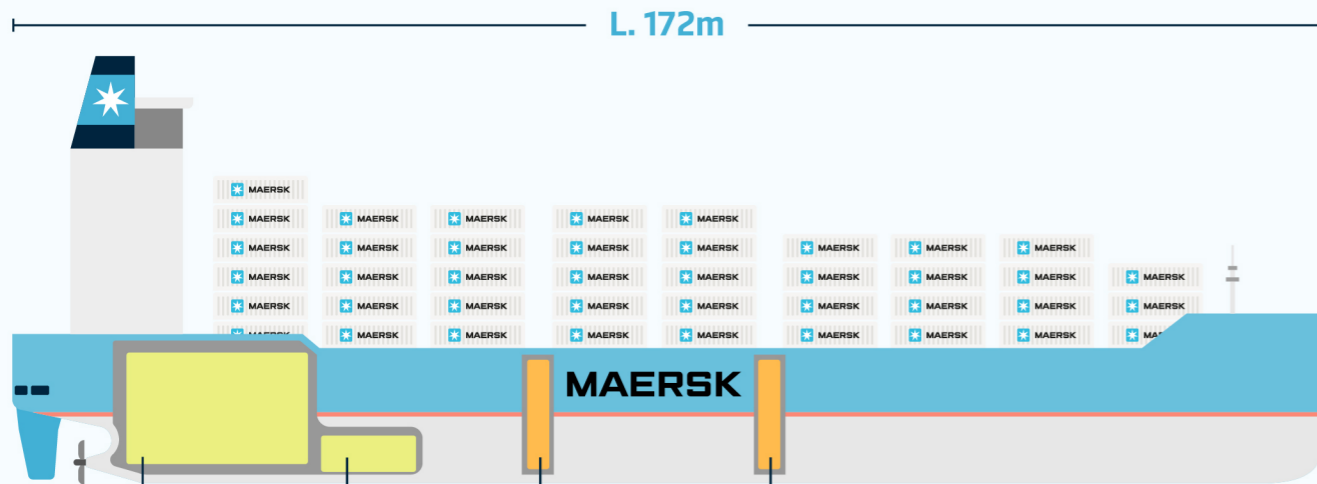

**Fuel type:**  
Carbon neutral  
methanol

**Container Capacity:**  
2100teu\* includes  
400 reefers

**Top speed:**  
18 Kn

Methanol tanks

**MAN 6G50-LGIM** methanol  
main engine and methanol  
capable gensets

**FUEL SYSTEM**  
Complete fuel flexibility with methanol,  
biofuel and conventional fuels  
*Capable of carbon neutral operation during 2023*

\*Twenty Foot Equivalent Container
